

Terms and Conditions

Every portal user will be asked to accept the Terms and Conditions for using the portals. A default document is provided. These are the directions to edit and modify the Terms and Conditions.

EzStart -> Lumen Touch - District Admin -> District Parent/Student Portal Management -> District Parent/Student Portal Management -> Access Terms and Conditions

Click on the sections to edit. The other is for Instructors and Staff.

#	User Type	Title	Terms
1	Student	Student Portal Important User Access Responsibilities	The student access information you have been provided has been done so with the understanding that you are the student identified with the provided access information. IF YOU ARE NOT this student and/or are not the legal education decision maker or custodial parent for this student, then you are not allowed to lawfully access this students information regardless of the fact that you have information that gives you access to this information. If you have received this access information in error then please contact your school officials. It is your responsibility to protect access to your student information. Misuse of this information is illegal by law. You should NEVER give your login access information to anyone. The portal system tracks all system accesses to the portal and its applications.
2	Parent	Parent Portal Important User Access Responsibilities	The student access information you have been provided has been done so with the understanding that you are the education decision maker by law for this student. IF YOU ARE NOT the legal education decision maker or custodial parent for this student, then you are not allowed to lawfully access this students information regardless of the fact that you have information that gives you access to this information. If you have received this access information in error then please contact your school officials. It is your responsibility to use access to your student's information within the parameters allowed by law. You are strongly encouraged not to give your access information to any other person as the portal system tracks all accesses to the portal and its applications. The access information given will only allow one person access to the system at any time. If a user is logged in and the same access information is used then the system will log out the current user logged into the system.
3	Other	Parent Portal Important User Access Responsibilities	The student access information you have been provided has been done so with the understanding that you are the education decision maker by law for this student. IF YOU ARE NOT the legal education decision maker or custodial parent for this student, then you are not allowed to lawfully access this students information regardless of the fact that you have information that gives you access to this information. If you have received this access information in error then please contact your school officials. It is your responsibility to use access to your student's information within the parameters allowed by law. You are strongly encouraged not to give your access information to any other person as the portal system tracks all accesses to the portal and its applications. The access information given will only allow one person access to the system at any time. If a user is logged in and the same access information is used then the system will log out the current user logged into the system.
