

Verify All Grade Levels Have an GPA Calculation Method

EzStart -> Lumen Touch - District Main -> District Course Management -> District Course Management -> GPA Calculation Methods

Click on the School Years tab. Verify all grade levels in the building have the Anticipated Graduation School Year listed. (the year when students in each grade are seniors)

Click Add New to add School Years. If the school year is not available, the School Year will need to be added in the following application.

EzStart -> Lumen Touch - District Admin -> District Setup -> District Setup -> District School Year Definitions
